

**Department of Chemistry and Biochemistry
College of Chemical and Life Sciences**

Additional qualifications are ability to collaborate closely with others and also to work

Institution: University of Maryland, College Park

Institution's URL: www.chem.umd.edu

Availability: July 1, 2009

Location: College Park, Maryland

Contact: bgerrata@umd.edu

Synopsis:

A post-doctoral position is available to study enzymes of the pyrrolobenzodiazepines biosynthesis. A strong background in protein biochemistry/enzymology with related publication history is required. Excellent communication skills and independence are essential. He/she must have a recent Ph.D. in chemistry/biochemistry or closely related field. A competitive salary is offered commensurate with qualifications and experience. Send curriculum vitae and names of three references to: **Dr. Barbara Gerratana, Dept. of Chemistry and Biochemistry, University of Maryland, College Park, MD 20742** or to bgerrata@umd.edu. "EOE/AA"
